

# Beacon 980 LED Light Cart

The Beacon980 Cart Light uses the incredibly bright LED light heads from the award-winning Beacon LED Tower to match the light output of 1000W metal-halide light fixtures.

The similarities to traditional metalhalide cart lights end there. The Beacon980 LED cart lights will never require bulb changes and don't use an expensive/breakable ballast. They are fully weatherproof and designed to take a huge amount of rough-handling on the jobsite.

### KEY FEATURES

- *Lightweight and easily portable.*
- *LEDs will last over 50,000 hours.*
- *No bulb replacement required.*
- *Rated for outdoor use.*
- *Instant start-up, at full output, even in cold temperatures.*
- *Rugged heavy duty frame.*
- *Built in pad for portable generator*
- *Winch assisted 12' mast*
- *Foam-filled rubber tires*

### KEY BENEFITS

- *Safer working environment.*
- *Lower total cost of ownership.*
- *Reduced downtime on job sites.*
- *Energy saving device for a greener footprint.*

### INDUSTRIES/APPLICATIONS

- *Construction*
- *Concrete/Paving*
- *Excavation*
- *Military*
